

IASCB-FRM-004

Application Guide for Inspectors

Use this guide when applying to be considered for inclusion in the IASCB-approved inspector list.

Owner IASCB Governance	Status Public policy	Review Annual or as required
----------------------------------	--------------------------------	--

Eligibility

Applicants should demonstrate technical knowledge, inspection experience and current competence for the fields and activities requested.

Evidence to submit

Provide a CV, qualifications, training records, inspection logs, references, sector experience and professional registrations where relevant.

Impartiality

Declare consultancy, commercial, personal or organisational relationships that could influence inspection planning, evidence evaluation or reporting.

Approval

IASCB may review records, conduct an interview or request a witnessed inspection before confirming approval for the requested activities.

Ongoing duty

Approved inspectors must maintain competence, confidentiality, impartiality and accurate records of continuing professional activity.

This public document is provided for information. Applicants and accredited bodies should use the applicable IASCB requirements and written decision documents for the controlling terms.
